SUMMARY

Computer Science undergraduate skilled in Full-Stack Development, MERN Stack, REST API Development, UI/UX Design, and Data Analytics. Experienced in building scalable web applications using React.js, Node.js, MongoDB, SQL, and Power BI. Strong understanding of responsive design, authentication systems, dashboard development, CRUD operations, and enterprise application workflows.

EDUCATION

Motilal Nehru National Institute of Technology, Allahabad <i>B.Tech in Computer Science and Engineering</i>	2022 – 2026
BMS Inter College, Kanpur, Uttar Pradesh <i>Class XII (UP Board)</i>	2020 – 2022
BMS Inter College, Kanpur, Uttar Pradesh <i>Class X (UP Board)</i>	2019 – 2020

EXPERIENCE

UI/UX Design Intern <i>Pine Labs</i>	March 2026 – June 2026 <i>Noida, India</i>
- Designed the QC/QE Teachers Hub mobile application to improve usability for teachers and administrators. - Created responsive mobile app flows including authentication, dashboard, attendance, timetable, notifications, assignments, and profile management. - Designed attendance workflows with marking, editing, report downloads, and history tracking features. - Designed CRUD-based assignment and classroom management flows for submissions, pending tasks, and class activities. - Collaborated with cross-functional teams to design scalable and responsive enterprise mobile interfaces. - Applied Material Design principles to improve UI consistency, typography, spacing, and component alignment.	

PROJECTS

Full-Stack MERN Marketplace <i>React.js, Node.js, Express.js, MongoDB, REST APIs, JWT, Cloudinary, PayPal</i>	Aug 2025
- Developed a scalable MERN-based e-commerce platform supporting secure PayPal payments and real-time order tracking. - Built REST APIs for product management and implemented JWT authentication using Node.js and Bcrypt. - Optimized backend performance and integrated Cloudinary media storage to support 100+ concurrent platform users. - Designed responsive shopping workflows with product management and seamless navigation features.
